

# Boy Scouts of America

Dear Scout Parent:

Wouldn't you like your son to have some real out of doors FUN this summer? Constructive fun...with our Troop at Camp.

Camp, to your boy, will be a never-to-be forgotten experience. It will mean Scout Advancement, thrills and adventure in a program filled with campfires, games, water spots, wilderness hikes and canoe trips!

Did you know that the fee for this camping adventure is about the same as it would cost you to keep your boy at home?

Preparations for the successful operation of the Chicago Scout Summer Camps have been in progress during the winter months. Excellent health and safety measures were even further developed. The Camp menu has been planned and approved by experts.

Able staffmen have been selected for their experience and ability.

Won't you weigh these advantages of Scout Camping? I am as eager, as I feel you must be, to have your son get the benefit of this adventure with his Troop.

Don't hesitate to call me if there are any questions you would care to ask about Camp.

Scoutingly yours,

SCOUTMASTER
